

# GULF GIVES UP THE DEAD BODIES

## Funeral Pyres Aflame on the Seashore of Galveston Today.

# TELL TALES OF HORROR

## All Those Who Can Leave Have Been Ordered Out of the City.

# AID POURING IN VERY FAST

Galveston, Sept. 13. (Special Telegram.)—The cremation of the dead, the deportation of the living, summary execution of many ghouls and the mental collapse of many who lost their all in Saturday's catastrophe are some of the features of the situation here that stand out in bold relief.

What was feared is happening. The return to the shore of the bodies cast into the gulf has occurred. Funerals pyres are being built on the beach and the bodies are burned by gangs of men assigned to the work.

An order has gone forth to those who have friends outside to leave the city immediately and the exodus begun today.

From coast points reports continue to come of bodies floating to land and burial parties are on the patrol constantly. The talk of abandonment of the present city is met by the determination of a small majority to rebuild and reconstruct. Government Quartermaster Gen. Baxter, however, says the city is ruined, and can never be rebuilt.

# Eighty-Five Were Killed

New Orleans, Sept. 13. (Special Telegram.)—John H. Poe of Lake Charles telegraphs this morning that eighty-five passengers on the Southern Pacific train which left here Friday night last for Galveston were killed when the train was wrecked near the lighthouse at Galveston Bay.

# Galveston is Quiet

Washington, Sept. 13. (Special Telegram.)—Gen. McKibben arrived at Galveston last night and reports that the city is quiet. Twenty-eight soldiers and three members of the hospital corps have been lost. He figures on the total deaths as three thousand.

# Disinfectants are Needed

Communication was opened by the Western Union this morning who strung two wires across the bay.

Disinfectants are needed worse than anything else here, the one hope of saving what is left of the population is the ability to check the putrefaction of dead animal matter.

The relief work is now on a systematic basis and funds, food, clothing and medicines are commencing to come in volume. Approximately three hundred thousand dollars worth have been obtained so far but ten times as much will be needed.

# THEY TELL TALES OF HORRORS

Stories From Galveston That Surpass the Most Vivid Imagination.

New Orleans, Sept. 13.—Four men who were in Galveston during the storm arrived here this morning. They are W. L. Temple and S. Lewis of the Temple-Ellis Tobacco company of South Bend, Ind., H. T. Smith, of Yazoo City, Miss., and Mr. Mitchell, a New Orleans insurance man. The tales they tell of the terrible storm surpass the most vivid imagination.

# Negroes Rob the Dead.

Mr. Lewis recounts how, after Galveston was put under martial law Sunday morning, it was discovered the negroes were robbing the dead everywhere of rings and other jewelry. An order was issued by Captain McKibben, in charge, that all negroes caught despoiling the dead should be shot. Last Sunday thirty-three negroes were killed and their bodies taken out in the gulf in tugs and thrown overboard. One negro had twenty-five human fingers in his pockets, each finger wearing a ring of greater or less value. One soldier killed seven negroes in an hour.

# Ninety Dead Children.

"The Sisters" Orphan hospital presented a terrible scene," said Mr. Lewis. "I saw there over ninety dead children and eleven dead sisters. We took the steamer Allen Charlotte across the bay up Buffalo bayou to Houston yesterday morning. I saw fully fifty dead swollen bodies floating in the water. I saw and counted over 800 dead bodies.

"The stench in some of the streets

was so terrible that we could not pass along without vomiting. I saw one dray with sixty four dead bodies drawn by four horses to the wharves, where the bodies were unloaded on a tug and taken out in the ocean for burial."

# In the Depot Nine Hours.

Mr. Mitchell said: "I was going to take a train at midnight, and was at the depot when the worst of the storm came up. There were 150 people in the waiting-room. We all sat there for nine hours. The back part of the depot blew in Sunday morning. I went back to the Tremont hotel at 9 o'clock.

"The streets at that time were literally filled with dead and dying people and debris. All that day we had no rations at the hotel, except beer, which was very warm, and oyster crackers."

# Another Storm Developing

New Orleans, Sept. 13. (Special Telegram.)—A storm of considerable intensity is raging here this morning. The weather bureau says a hurricane is developing in the gulf and warns ships not to go to sea.

# DECLARES 10,000 ARE DEAD.

Capt. Charles Clarke Makes a Report from the Stricken City.

Galveston, Tex., Sept. 13. (via Houston, Tex., Sept. 13.)—Captain Charles Clarke, a veteran boat owner of Galveston, declares that 10,000 persons were killed in this city by hurricane and tidal waves.

He has been about on boats in the waters around Galveston day and night since the storm and bases his statement on what he thus has seen.

The newspaper statements from here have been too conservative. In their effort to guard against extravagance or exaggeration the newspaper men have so far fallen short in their estimates of the loss of life. Reports at first placed the death list at about 1,000. Many persons gave much higher figures, but it was feared that they were exaggerations, hence the reporters made allowances for excited mental conditions and cut down the estimates. It is beginning now to be recognized that the big figures were nearer correct.

# DANGEROUS TRAP IN A PUBLIC ALLEY

## Place Between Postoffice and Kimball's Should be Quickly Looked After.

What might have been a serious accident happened to one of the teams of the City Ice company while being driven through the alleyway between the post office and F. D. Kimball's store yesterday afternoon.

The team attached to one of the heavy ice wagons in charge of Charles Atwood was being driven through the alleyway and had reached the scales at Bonesteel's mill, near which the flume for the mill runs under the alleyway. Someone had been making repairs and had left a place without properly closing it making a dangerous opening through the road bed into the flume.

The horses stepped on this place and one of them went through, almost all the rear portion of his body being in the hole. He was tightly wedged in and the heavy tongue of the ice wagon had to be taken out and used as a lever to pry the horse loose before he could be taken out of the hole.

The entire rear portion of the horse from his feet up to his hips were skinned and bruised and he is so sore today that he can hardly move.

That such a place should be left in a public alley shows gross carelessness on the part of some one. The Ice company is anxious to know who is responsible for the condition of the alleyway.

# TRUST ABSORBS BADGER TANNERIES

## The Fayette Shaw Plants Are All Acquired by the United States Leather Company.

Boston, Mass., Sept. 13.—The United States Leather company has at last acquired the plants, good will, etc., controlled by the Fayette Shaw Leather company in this city. The tanneries involved are all in Wisconsin and are located at the following points: Rib Lake, Medford, Perkinstown, Westboro, Phillips and Mellen. They are operated by three firms, Fayette Shaw, Fayette Shaw & Co., and T. P. M. & F. D. Shaw & Company.

The Fayette Shaw Leather company handles the product, doing a business, of perhaps \$3,000,000 a year. The plants are among the best in the country, having been under the direct supervision of Mr. Shaw since their establishment, twenty years or so ago and employ 1,200 hands.

# New Germany Cables

The laying of the German cable via the Azores to Coney Island will begin soon, the cable boat Anglia being now on the way to Coney Island with the cable. The length of the cable will be 2,350 miles. It will be owned by a German company, but operated in New York, by the Commercial Cable company, and in the Azores will be connected with the telegraph system of the German government.

# COAL MINERS HAVE DECIDED TO STRIKE

## Anthracite Workers Are All Ordered Out Next Monday.

# EMBRACES 143,300 MEN

## President Mitchell Will Leave Saturday to Personally Conduct the Strike.

# HARD COAL WILL ADVANCE

Indianapolis, Ind., Sept. 13.—President Mitchell and Secretary Wilson of the United Mine Workers of America affixed their signatures last evening to a document which will call 143,000 miners of the Pennsylvania anthracite coal region from their work on Monday morning and precipitate one of the most gigantic strikes in the history of the labor world.

# Fighting for Just Wages

As to maintaining the men during the strike, Mr. Mitchell said: "When men are fighting for just wages they can subsist on very little. At any rate it is safe to say that nobody will starve or want for necessary clothing."

President Mitchell will leave Saturday for Hazleton, Pa., to personally conduct the strike.

# Coal Will Advance

Chicago, Ill., Sept. 13.—Representatives of the anthracite coal miners affected by President Mitchell's order to strike expressed an opinion that an advance will be made tomorrow. A representative of the Northern Coal company said: "We are in good shape in this section of the country, though we cannot stand a protracted strike if it is at all sweeping. The price will surely rise, possibly a dollar a ton within a short time. There will be no yielding on the part of the operators or railroads, I am certain."

The figures as to the number of men involved in the strike and the wages received were furnished by members of the executive board of the United Mine Workers of America, now in session in Indianapolis.

Number of men in anthracite mines 143,000.  
Number belonging to union 134,300.  
Number that will go out 143,000.  
Number of persons dependent of income 500,000.  
Union funds on hand \$450,000.  
Average daily wages received by miners \$1.35.  
Average wages of day men at mines \$2.00.  
Daily loss in wages will amount to \$150,000.  
Area of coal fields, square miles, 470.  
Average annual production, 15,000,000 tons.  
In the mines in the Lackawanna and Wyoming Valley districts 80,000 men and boys are employed. Of these 50,000 are distributed through the workings lying between Pittston, Luzerne county, and Forest City in Susquehanna county. There are 25,000 employees in the vicinity of Wilkesbarre, Ashley, Nanticoke, Plymouth and Waukegan. 15,000 about Hazleton, 20,000 at Mahanoy City and Shamokin, and 23,000 around Shamokin, Pottsville and Mount Carmel.

The closing of the mines is expected to reduce the regular coal production 75 per cent., leaving free only the Reading Coal and Iron company's production of 20.5 per cent of the total output of the region, and 5.65 per cent of the Lackawanna Valley's production.

Should the strike continue over a period of two months the loss in wages will amount to nearly \$50,000,000, loss to railroads, \$20,000,000 and loss to mine operators \$20,000,000.

In their demands the miners ask the correction of many evils, the more important of which are the following:

Abolition of the company stores; reduction in the price of powder to \$1.50 a keg; abolition of company doctors; semi-monthly payment of wages; abolition of the sliding scale; wages paid in cash; \$2.40 pounds to the ton; \$1.50 and not exceeding \$1.75 a day; that all live an advance of 20 per cent in wages less than classes of day labor now receiving \$1.50 and not exceeding \$1.75 shall receive 15 per cent over present wages; that all day labor now receiving \$1.75 shall be advanced 10 per cent; that no miner shall have at any time more than one breast, gang or other class of work, and shall get only his legal share of cars.

# LOVERS WAIT TWENTY YEARS

## Illinois Couple Deferred Their Marriage Until Parents Died.

Quincy, Ill., Sept. 13.—Frank Waggle and Mary Vancil, devoted lovers for twenty years, were quietly married last Sunday by Judge E. D. Lawrence. They were anxious to marry almost a quarter of a century ago, but the parents of the bride objected. Several years ago the father of Miss Vancil died, but her mother still refused her assent to the marriage.

Meanwhile Frank Waggle, the patient and loyal lover, went away to war for the second time, having seen service in the rebellion. The girl of his choice discouraged all other suitors saying she would be faithful to her first and only choice.

About a week ago Mrs. Vancil died, and with her passed away the last bar to the wedding. The bride comes into possession of a valuable farm property which will hereafter be managed by her soldier husband.

# Roosevelt in South Dakota.

Watertown, S. D., Sept. 13.—[Special Telegram.]—Gov. Roosevelt's train arrived here this morning. The farmers for miles came and the streets were packed with teams.

# Jim Howard on Trial.

Frankfort, Ky., Sept. 13.—[Special Telegram.]—The trial of Jim Howard, charged with being a principal in the Goebel murder, began this morning.

# SCOFIELD SOUNDS NOTE OF WARNING

## Governor Makes an Address At the State Fair Yesterday.

# TENDENCY TO GAMBLE

## There Is Danger In Prosperity That the People Must Try to Avoid.

# MUST HOLD DOWN TAXATION

Milwaukee, Sept. 13.—The attendance at the state fair yesterday broke the record for attendance on state day. The pleasant weather, the governor and the military were the attractions. Governor Scofield arrived from Madison at 10:30 and was met by the fair officials and escorted to the secretary's office where after a few moments' rest he was escorted to the judges stand.

He spoke for half an hour to the crowds which gathered about the grand stand, warning his hearers against the dangers that come in the train of prosperity such as the country was now enjoying. He said the good times brought about extravagance and the desire for speculation, and engendered a gambling spirit.

# Gambling in Business.

The governor called on the agriculturists of the state to take a strong stand against every form of gambling in business. He said: "By cultivating the conservative spirit and taking heed to prevent the engendering of the speculative mania the agricultural element will not only aid in maintaining the present favorable conditions but will do much toward making the government of the state and the whole country more safe and prosperous."

The governor repeated in part the warning sounded by him at the Chicago banquet of the Iron brigade. He said the people of the country, regardless of party affiliations, would be proud of the course of the government in the Chinese trouble where it was shown that the American troops were not sent for conquest, but simply to protect American lives and property.

# Not Play the Craven

The governor said he would not have this country play the craven or try to avoid an responsibility simply for peace, and he firmly believed that the people of the country, if they will devote thought to the subject, will come out all right. If the agriculturists of the country can be kept right on governmental questions there would be nothing to fear for the future.

The governor was heartily applauded. At the close of his address he inspected the military camp, and then looked through the exhibits of the various buildings.

The First Regiment, with Battery A and Troops A, of the national guard, were in camp at the fair grounds during the day, and went through military maneuvers and drills to the edification of the crowds. Colonel Otto H. Falk was in command of the camp. The outside companies remained over night, sleeping on the grounds, and will return home today.

# F. H. PRATT IS MADE PRESIDENT

## At Head of Wisconsin Association of Funeral Directors

Milwaukee, Sept. 13.—The Wisconsin Association of Funeral Directors adjourned its convention yesterday afternoon after electing the following officers: President—F. H. Pratt, Richland Center. Vice President—J. J. Hanchett, Sheboygan. Second Vice President—W. C. Jenkins, Peshigo. Secretary—George L. Thomas, Milwaukee. Treasurer—S. F. Peacock, Milwaukee.

George L. Thomas, J. J. Hanchett and Frank Kimball of Janesville were appointed a committee on legislation, while F. H. Pratt was chosen delegate to the national convention which meets in Denver Oct. 5. The afternoon session before adjournment was devoted to the closing lecture and demonstration by Prof. Hohenshuh. The next meeting of the state association will be in Milwaukee.

# ROADS IN AGREEMENT

## Report That Milwaukee and Northwestern Will Not Invade Each Other's Territory.

Stevens Point, Wis., Sept. 13.—It is rumored here that the Northwestern and Milwaukee roads have entered into an agreement not to invade each other's territory and that the Milwaukee road's proposed Sheboygan branch and the Northwestern's Princeton-Marshfield branch will be abandoned. The Northwestern has released its option on the the Marshfield & Southeastern road.

# Letter by Mine Workers.

Indianapolis, Sept. 13.—[Special Telegram.]—The mine workers today issued a public letter, reviewing the anthracite men's grievances and the efforts to secure arbitration, which failed and stating that the strike was resorted to as the last means.

# FILES A FORFEITURE BOND

## Rockford, Beloit and Janesville Electric Road Assured

Rockford, Ill., Sept. 13.—The Rockford, Beloit and Janesville Electric Railway company filed its bond with the board of supervisors last evening. This is a forfeiture and is signal evidence that the road will be completed.

# BREAK DIVORCE SUIT RECORD

## Action Brought In 250 Cases With 409 Marriage Licenses In a Year.

Sioux City, Iowa, Sept. 13.—The clerk of the district court has made a summary of the divorce suits filed this year and finds they number 250. This number is appalling, compared with the number of marriages licenses issued, the total of licenses being about 400.

# GO TO MEET BOXERS.

## Allied Troops March Against Two Chinese Cities.

London, Sept. 14.—A Tientsin dispatch dated Sept. 8 says 4,000 troops of the Fifteenth United States infantry, have marched against the cities of Sheng-Hae-Sien and Tili, where the Boxers have been threatening that district. The advance was made in two columns with a flanking movement. General Dorward of the British forces is in command of the expedition. The Japanese siege guns and cavalry are with the expedition. A German cavalry regiment and a British battery have arrived at Tientsin.

It is pointed out that the expedition has for its object the clearing of the country southwest of marauding Boxers.

# PARTY LEADERS IN CONFERENCE

## Republican State Central Committee and Candidates Planning Campaign at Milwaukee Today.

Milwaukee, Sept. 13.—The meeting of the republican state central committee which is being held this afternoon at the Hotel Pfister, will be of more than usual importance, as it has brought here not only the members of the committee itself but also the congressional candidates from all the districts and a large share of chairmen at county republican committees. Mr. LaFollette is here and also the various candidates for state office, and the gathering will be of scarcely less interest than the state convention itself.

# Final Plans for the Campaign.

The purpose of calling together the party leaders from all sections of the state is to lay the final plans for the conduct of the campaign, the preliminary work of which has kept Chairman Bryant and Secretaries Host and Richter busy for weeks.

With reports direct from the republican lieutenants in each of the districts and with the further assistance in the way of suggestions from the candidates themselves, arrangements can be made for best carrying on the contest and for distributing campaign speakers where they will be most effective.

# Chairman Bryant, who spent yesterday in Madison in consultation with Mr. LaFollette, proposes definitely to conclude his arrangements shortly after today's meeting so that a schedule of speakers can be arranged, and everything connected with the campaign can be carried on in clockwork order.

# Senators in Each District

It is the plan of Senator Spooner and Quarles to hold at least one large rally in which they will take part, in each congressional district; and the dates for these will be considered today. Then there are numerous subjects bearing on the contest with the reports on the outlook in each county and district, which will take up the time of the meeting; and it is likely that the session will last the greatest of the afternoon.

# SUDDEN DEATH OF LESTER A. ROSE

## Well Known Newspaper Man of Wausau Dies of Heart Failure At Milwaukee Yesterday.

Milwaukee, Sept. 13.—Lester A. Rose of Wausau, one of the best known men in the Wisconsin River Valley and until recently secretary of the Valley Advancement association, died suddenly of heart failure in a private dining room above the Weber & McLaughlin restaurant on East Water street at 3:30 o'clock yesterday afternoon.

Mr. Rose was taken suddenly sick while sitting in the restaurant and was taken up stairs to the private dining room. He was alone when he became ill and as he grew rapidly worse a physician was summoned at once. Within fifteen minutes after being taken with his fit of sickness Mr. Rose was dead in spite of prompt medical aid.

Lester A. Rose was born in New York June 1, 1848, and came to Wisconsin two years ago, locating in September, 1893, at Wausau, where he became associated with Edgar T. Wheelock in the publication of The Wausau Daily Record. He was an experienced newspaper man, having been connected for seventeen years with papers at Joliet, Springfield and Ottawa, Ill. Mr. Rose was married and had one child, a son.

# LOSS OF LIFE ON THE GREAT LAKES

## Fourteen Persons Drowned and Hundreds Pass a Night of Terror.

# TWO SCHOONERS SINK

## Mariners All Over the Inland Seas Experience Great Peril By Storm.

# DRAMATIC ESCAPES ARE MADE

Chicago, Sept. 13.—Whipped into fury by the equatorial storm that swept northward after demolishing Galveston and ravaging the gulf coast, the great lakes added their quota to the total loss and human suffering growing out of that tremendous catastrophe.

Lakes Erie and Michigan report large number of disasters, and the tale is not yet all told; incoming captains in this city brought word of having passed vessels in imminent peril, with the probability that lives would be lost in them. The record of the dead so far reaches fourteen.

# Loss of the Lyons.

Chief of the losses on the lakes so far reported was the foundering of the steam barge John B. Lyons of Cleveland, off Erie, and the drowning of all but four of her crew of sixteen men.

There is just a bare possibility that the report of the survivors who drifted ashore, and who thought the ship went down under their feet is incorrect, and that the shattered hulk, heavily timber-laden, is still afloat, supporting some or all of the missing men.

Tugs have been ordered out in search of the Lyons but there is little probability that she will be found.

# Many Dramatic Escapes.

The instances of dramatic escape are many. Foremost among these, because of the number of persons involved and the length of the ordeal through which they passed, was the case of 375 excursionists aboard the Flint and Pere Marquette steamer No. 4, which landed its passengers at Milwaukee yesterday morning after fighting for its life and theirs for eighteen hours in one of the worst gales in the history of the line. Several of the No. 4's passengers were hurt, but not fatally.

The great liner City of Erie reached Cleveland badly battered, its cabins having been swept through their length by a tidal wave.

# Three-Master a Hulk.

The big three-master Penobscot of Chicago, one of the largest and finest schooners on the lakes when it left Chicago Monday night, was towed into the port of Keokuk yesterday morning a mere hulk, two of its masts broken short off and the other useless, its lifeboats gone and the hope of the crew with them.

The men had lashed themselves to the wreckage and given up trying to manage the ship; they expected to go down with her at each fearful plunge she made into the yawning valleys beneath the seas.

# Steamer Lawrence is Safe

After combating the hurricane for twenty-eight hours the steamer Lawrence of the People's Transit company arrived in St. Joseph harbor yesterday afternoon.

# Schooner Dundee Founders

The schooner Dundee in tow of the steamer John M. Glidden foundered in Lake Erie, about eleven miles west of Cleveland at an early hour yesterday morning. Kate Hoffman the cook was unable to take to the rigging with the men and was drowned. Captain Elean, master of the Dundee, is ill from exposure. The rescued seamen were taken from the rigging by the steamer Chamagne Tower Jr. and brought to Cleveland.

# Heavy Damage Ashore

The losses were not confined to the lakes, but in all the big lake cities heavy damages by the storm are reported, trees, buildings and wires being blown down and docks beaten to pieces.

# Bryan in Indiana.

Plymouth, Ind., Sept. 13.—[Special Telegram.]—Bryan left Chicago this morning for Fort Wayne, where he talks this afternoon at a rally. At Hanna and Plymouth great crowds greeted the candidate.

# Dr. Hodge and Wife Dead

Washington, Sept. 13. (Special Telegram.)—Conger telegraphs confirmation of the killing of Dr. Courtland Hodge and wife of Philadelphia at Pao Ting Fu. They had not been long in the missionary field and were young.

Johnstown Center, Sept. 13.—There will be a dance at Franklin hall, Wednesday evening, Sept. 12, for the benefit of the M. W. A. Camp 3872.

Mr. and Mrs. William Bell are rejoicing over the arrival of a fine baby boy.

## A Young Girl

May be very old in suffering. She is very apt to neglect the earlier symptoms of disease. Often when she takes treatment it is the wrong treatment for her case. Very many young women write to Dr. Pierce and consult him by letter free. All such correspondence is strictly private, and womanly modesty is spared the shock of indecent examinations, unpleasant questionings and offensive local treatments.

"I suffered with female trouble," writes Miss Agnes McGowan, of Bank St., Washington, D. C. "I tried various remedies but none seemed to do any permanent good. The doctors said it was the worst case of internal trouble they ever had. I decided to write to Doctor Pierce for help. I received a very encouraging reply and commenced treatment at once. I had not used the 'Favorite Prescription' a week before I began to feel better, and, as I continued, my health gradually improved. It is improving every day and I still continue to take the medicine."

## DAHLE IS NAMED IN SECOND DISTRICT

Republicans Meet at Watertown Yesterday and Renominated the Present Congressman.

Watertown, Wis., Sept. 13.—The republican congressional convention of the second district assembled in the Concordia opera house, being called to order by John M. Nelson chairman of the district committee.

W. C. Leitch of Columbus was elected chairman and Frank P. Kiepert of Jefferson secretary.

Ernest N. Warner of Madison in an able address presented the name of Representative Herman B. Dahle for renomination. The nomination was seconded by Mr. Sauerhering on behalf of Dodge county and upon motion the nomination was made by acclamation, the secretary casting the unanimous vote of the convention.

The chair appointed a committee to wait upon Mr. Dahle and he was brought before the convention and made a speech.

## STUDY HISTORY OF WISCONSIN

O. E. S. Class Resume their Work at a Meeting Yesterday Afternoon.

Members of the O. E. S. Study class met yesterday afternoon at the home of Mrs. W. H. Merritt, and resumed their work.

Papers were read on the "Origin of the Eastern Star," by Mrs. Merritt and Mrs. C. A. Sanborn, and on the "Star Points," by Mrs. J. H. Dower.

Officers were elected for the ensuing year, as follows:

President—Mr. O. F. Nowlan.  
Vice President—Mrs. W. H. Merritt.  
Secretary—Mrs. W. H. Ashcraft.  
Treasurer—Mrs. H. L. McNamara.

The class decided to take up the study of the History of Wisconsin for the year's program of work. Topics for papers to be presented at the next meeting, which will be held with Miss Chittenden, were assigned to Mrs. W. F. Carle, Mrs. W. H. Ashcraft and Miss Chittenden.

## PEOPLE'S LECTURE COURSE

Boston Symphony Orchestra the First Event on October 30.

The management of the People's Lecture course have in the hands of W. E. Clinton & Co., the local binders, what is probably the most elaborate announcement ever issued by the course, and the same will be ready for distribution the first of next week. This year's course will be the most expensive one ever arranged, but the committee feel that the public will appreciate it and by their patronage make it possible to have a similar one every year.

There are five numbers on the course. The first event will be the Boston Symphony Orchestra on October 30.

## STANCHFIELD FOR GOVERNOR.

Croker Ticket Wins Out Over Hill Ticket at Saratoga.

Saratoga, N. Y., Sept. 13.—Croker is master and Croker's ticket is up. Croker became the master in the most bitterly contested convention the democratic party has known since 1872. It was a battle of giants and Hill went down, game to the last. As had been expected for weeks, Croker and his allies, Murphy of Rensselaer, McLaughlin of Kings and Mack of Erie, nominated Stanchfield. Thus Croker beat Hill and Coler with one of Hill's own men.

The vote in the convention was: Stanchfield, 294; Coler, 154; Mackey, 1. The nominations are:

For governor, John B. Stanchfield; lieutenant-governor, William F. Mackey of Erie; secretary of state, John T. Norton of Rensselaer; comptroller, Edward G. Atwater of Dutchess; treasurer, Elliott Norris of Wayne; attorney-general, Thomas E. Conway of Clinton; surveyor, Russell Stuart of Onondaga.

Burglars Slay Ohio Farmer.  
Toledo, Ohio, Sept. 13.—About 12:30 a. m. W. C. Johnson, near Carey, heard suspicious noises about his premises and arose to investigate. While making his way to a rear door a shot rang out and he fell. The bullet took effect in his heart and he expired in a few minutes. Then five men went through the house and bound and gagged Mrs. Johnson and her five children, ranging in age from 6 to 18 years. Before binding Mrs. Johnson the burglars threatened her with death unless she revealed the hiding place of the money received for a carload of onions and a few wagonloads of celery, which had been sold during the day. She told them where they could find \$10, and this sum was all that was taken, the remainder of the money having been banked in the afternoon. The burglars were traced to Ajvada, where they stole a handcar upon which they made their escape, going toward Postoria.

Name Orman for Governor.  
Denver, Col., Sept. 13.—J. B. Orman of Pueblo, was nominated for governor by the democratic convention.

The following have been nominated by the different conventions pursuant to the fusion plank: Secretary of state, David A. Mills, Arapahoe county, populist; treasurer, Dr. J. N. Chipley, Pueblo county, silver republican; superintendent of public instruction, Mrs. Helen L. Grenfell, Gilpin county, silver republican; attorney-general, C. C. Post, Clear Creek county, populist.

## Good Health

The stomach is the foundation of health. When it does its work properly disease cannot enter the body. If it is out of order, Hostetter's Stomach Bitters, the famous dyspepsia cure, will restore its vigor. It is the most valuable medicine for stomach ills known to science. Try it for indigestion, dyspepsia, constipation, or malaria, fever and ague. OUR PATENT REVENUE STAMP COVERS the neck of the bottle.

## FALL PLOWING IS NOW MADE EASY

SOIL IS WELL STORED WITH NEEDED MOISTURE.

Weather Continues Favorable For the Maturity of the Corn Crop Which Is Now Out of Danger From Frost—Shedding of Tobacco Nearly Completed.

The mean temperature for the week was slightly lower than that of the preceding, but not sufficiently low to check the maturity of crops remaining unharvested, and while the nights were generally quite cool, no frost is reported from any portion of the state.

Heavy rains occurred during the early part of the week, especially in the central counties, the total precipitation for the week in some localities amounting to over three inches. In the southern portion of the state only light showers occurred, and the work of securing the remaining crops has progressed rapidly. Generally the soil is well stored with moisture and in excellent condition for fall plowing. In a few localities in the southern counties there is need of rain.

The weather continues favorable for the maturity of the corn crop, which is now practically out of danger from the frost. Early plantings are fully ripe and mostly in shock. In a few localities the late plantings will require another week, but a large percentage of the entire crop has been harvested. The crop as a whole is excellent, both as to quality and quantity.

There is practically no change in the situation with respect to grain and the complaints of molding and heating in the stack continue. In many localities the yield of oats is generally good, but for the remainder of the state the crop is exceptionally light.

Second crop clover is ripe and some has been secured. The crop is very good.

The week has been favorable for harvesting tobacco and shedding is nearly completed. The crop is large and the quality exceptionally good. The past few weeks have furnished excellent weather for harvesting and curing. The early harvested crop is now mostly cured out, with a very fine color. In a few localities the crop was badly injured by hail.

Buckwheat is nearly ripe. The crop is good and with favorable weather will be harvested next week.

Early plantings of potatoes are being harvested. Complaints of damage from rotting and blight continue. Late potatoes are nearly ripe.

Early apples are generally gathered and the late crop nearly ripe. Grapes and peaches plentiful and fair quality. Cranberries are being picked, yield good.

## Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its roadbed for that reason is rock-ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

The blackness of Monday is forgotten when the housekeeper views on Tuesday the snow-drift of linen that has been washed white with Ivory Soap. It floats.

## FROM JAWS OF DEATH.

Terrible Experience of Passengers Aboard Steamer.

Milwaukee, Wis., Sept. 13.—Battered and damaged, the Flint and Pere Marquette No. 4, of the Pere Marquette line, arrived in port here after one of the narrowest escapes from disaster ever experienced by a passenger steamer on the lake. Thirty of her passengers were more or less injured on the trip, while the following received injuries which are quite serious, though not fatal:

Those most seriously injured are:

W. Harker, 51 Locust street, Detroit; head cut. Mrs. W. Harker, Maggie Eglington, 420 McKinstry street, Detroit; head cut. Mrs. Martha Derham, 113 Kilbourn street, North Lansing; head cut and side bruised. Conrad Hibbard, Monroe, Mich.; head and breast cut. Willie Gustie, Detroit; scalp and eye cut. John H. Feaber, Toledo, O.; finger dislocated and severely bruised.

Many others received minor injuries and went to their stopping places to seek rest before they could be interviewed.

Prayers of thanksgiving went up from every one of the 350 passengers on the steamer when land was sighted by the vesselmen.

Almost every window in the cabin was broken, while the cabin was one mass of broken timbers, broken chairs and pieces of glass.

**KRUGER AT LORENZO MARQUES**

Boer President Makes His Escape from the Transvaal.

Lorenzo Marques, Sept. 13.—President Kruger arrived here last night.

New York, Sept. 12.—A dispatch to the Tribune from London says: The Boers have decided to make a formal declaration of guerrilla warfare. Gen. Botha is understood to have dissented from this course, but, according to a Post correspondent with Lord Roberts' forces, he was overruled by the other members of the council of war. The News correspondent in Belfast learns through a refugee from the Boers that President Kruger was at Nelspruit on Saturday and that President Steyn, Viljoen, Christian Botha, Fourie and Delarey were all with him. Lucas Meyer has been deposed from his command, but remains Mr. Kruger's military adviser. President Kruger is said to be feeble and apparently takes little interest in the military movements. He remains in his railway carriage, constantly reading psalms.

ONION SOUFFLE.—Cut four Spanish onions into thin slices and smother in butter.

When tender, beat the whites of six eggs to a stiff froth; whip the yolks and add to the whites. Butter a baking dish. Add two tablespoonsful of powdered sugar to the eggs, and then mix in quickly the onions, and heap into the baking dish. Drizzle with powdered sugar. Bake 15 minutes in a hot oven and serve immediately.

Oysters Killed by Fresh Water.

Oyster men report that most of the oysters in Lavaca bay and the bays along the Texas coast have been killed by the large amount of fresh water emptied into the bays since the forty days' rain began. This is a severe blow to the coast, as the oyster industry was assuming a position of much commercial importance.—St. Louis Globe-Democrat.

## POISONED AT A WEDDING FEAST

**MANY PEOPLE MADE VERY ILL EATING ICE CREAM.**

Fifty Guests At a Marriage Dinner Taken Sick At Monroe—Preacher, That Performed the Ceremony Among the Others—Bride and Groom Treated In Janesville.

The village of Monroe was in a state of excitement last night and this morning over a case of wholesale poisoning, which came near ending fatally to some of the guests of a wedding dinner about 2 o'clock yesterday afternoon.

May Colton, the pretty and engaging daughter of R. Colton, one of the richest and best known farmers in Green county, was married to Joe Mitchell, the son of another rich farmer near Monroe. In connection with the ceremony there was a wedding feast. Very soon after the people, numbering over fifty, had left the table a lot of them began to feel sick—some of them very sick.

R. Colton was taken with gripes that came near terminating in death. Rev. Andrich and wife were also very ill and some thirty others thought the end had come.

Dr. Newsome was present and he was so sick he could not lend any assistance.

The bride and groom left the table for the railway train and on the way to Janesville they were taken desperately ill. When they reached Janesville they summoned Dr. Palmer and he relieved them somewhat, but they were very ill during the night and left for home this morning, cutting short an extended honeymoon trip.

Doctors were summoned at Monroe and those taken ill were treated promptly and most of them soon got over the effects, except a hired girl—Nancy Holmes—who it is feared will die.

The physicians claim that the cause of the trouble was ice cream eaten by the feasters. An investigation is now under way.

## STRICKLER WRITES ABOUT THE WRECK

Mr. P. G. Strickler writes The Gazette from Walkerton, Ind., the details of an accident on the B. & O. railway, in which he and his wife participated, as follows:

"We left Chicago on the B. & O. train at 10:20 a. m. While between Walkerton and Millers, thirty miles east of Chicago, the top of a freight was blown off onto our track, and we struck it at the rate of thirty miles per hour. Our engine and three front coaches jumped the rails, and the track was torn up for 300 feet. The engine was almost a total wreck and the three coaches were also badly wrecked. The trucks of the coach we were in did not leave the track, but the trucks of some of the coaches were thrown off the rails. It was a sight to see. One of the coaches was thrown at right angles across the track.

The engineer and fireman stuck to their engine and got out without a scratch. It was done so quickly that no one could realize it, but no one was hurt. It delayed us four hours, we being taken a roundabout way to pass the wreck."

## ELKHORN FAIR NEXT WEEK

Large Number of People Will Be in Attendance from Here.

Next week the Walworth county fair opens at Elkhorn. The dates September 18, 19, 20 and 21. There promises to be a good sized delegation present from Janesville, for many here have been making preparations to attend for several days past. The events this year are many and first class. The trotting and pacing races will be good each day. The exhibits will fill every building, while the live stock entries are second to no fair in the west. Elkhorn always has the banner fair of the season, and the coming event promises to be a record breaker.

## PUBLIC SCHOOLS TO OPEN MONDAY

**ALL THE BUILDINGS READY TO RECEIVE THE PUPILS.**

Many Improvements and Repairs Have Been Made—Enrollment Will Be Larger Than Last Year—Will Number About 2,500—List of the Teachers Employed.

The fall term of the Janesville schools will commence on Monday, September 17.

All the school buildings in the city are being put in shape to receive the pupils who will occupy them during school hours for the year. In all the buildings improvements have been made, floors have been relaid, walls frescoed and seats changed and repaired.

The enrollment for this year bids fair to be as large if not larger than that of last year, although the membership in the city schools varies but little from year to year.

The total school population of the city is about 2,500, and the enrollment at the High school is above four hundred and will probably reach four hundred and fifty before the end of the school year. The High school membership is immense for a town of this size, which speaks well for the city.

The corridors of the High school are being handsomely decorated in maroon, and when finished will present a very handsome appearance.

Examinations for classification in the different grades and for entrance to the High school, will commence Saturday morning at 9 o'clock.

The following will be the teachers for the ensuing year:

**High School.**

D. D. Mayne, Sup't.; Harriet Holt, Carrie Zolinger, John Arbutnot, Mrs. F. Whitaker, A. E. Cunes, Emma Paulson, George Brues, Richard Egan, George W. Dudley, Gertrude Zeisinger, Sarah Hostetter.

**Washington School.**

Ada L. Brandt, principal, Seventh grade. Nellie Kent, Eighth grade. Ethel Fisher, Sixth grade. Irene Van Frankon, Fifth grade. Nellie Walsh, Fourth grade. Abbie Arnold, Third grade. Melba Bowles, Second grade. Amy Bowles, First grade.

**Adams School.**

E. May Clark, principal, Seventh grade. Lon Shearer, Sixth grade. Mary Madden, Fifth grade. Gertrude Spencer, Fourth grade. Monica Gagar, Third grade. Margaret Joyce, Second grade. Mary Henderson, First grade.

**Webster School.**

**JONES & WINTER**

**GET THE CONTRACT**

The directors of the Racine Citizens' Telephone company last night elected officers, John R. Simmons being chosen president. The contract for the construction of the system was awarded to Jones & Winter of Chicago. The work will cost about \$55,000.

The members of the firm of Jones & Winter, who secured the contract to build the Racine system are well known in this city. They put in the plant of the Rock County Telephone company and also the plants at Beloit, Clinton, Monroe, Edgerton and numerous other places in this vicinity that have independent lines. Their many friends will be pleased to hear of their success in securing the Racine contract.

**TWO INTEND TO BECOME DOCTORS**

Two of Janesville's young business men will give up their business in this city to enter the Northwestern Medical College at Chicago. Geo. E. King, the druggist, and Edward P. Norcross, of the Janesville Electric Co., are the young men that have decided to adopt the medical profession. They will leave the first of October to take up their studies. Both young men are well known in this city and have a host of friends that wish them success in their new field.

**Highest Town in Country.**

Altman, Col., is said to be the highest incorporated town in the country, being 12,000 feet above the sea level. A justice of the peace who had won a disorderly character \$10 and costs said in reply to this prisoner's announcement of appeal: "What? Appeal, would you?" asked the astonished court. "You don't come any other, now. This is the highest court in the United States, and you can't appeal."

## NINE MINSTRELS KILLED.

Clarke's Troupe in a Wreck on Illinois Central.

## END OF THE CAR DEMOLISHED.

Most of the Dead and Injured Were from Chicago—Accident Caused by a Flaw in a Wheel of the Car—Caring for the Injured.

Cairo, Ill., Sept. 13.—The breaking of a car wheel almost obliterated Duncan Clarke's troupe of female minstrels. Their special car was wrecked and nine of the company were killed—four outright—and six were injured, four so seriously that their recovery is a matter of doubt. The company appeared at Chester and they were billed to show at Mound City. The car was attached to the Illinois Central fast mail train No. 25, and was wrecked just after they entered the yards at Mounds, three miles from their destination. Those who were killed were: Alice Williams, Ollie Enright, Ella Patterson, Pat Patterson, Marguerita Compella, Anna Bell, Betty Ruby, Kitty Howard, Faith Hamilton. The injured: Ettie Elliott, May Martin, Otis Well, Duncan Clarke.

"Kid" Barry was the only one of the company who escaped unhurt. As the company who escaped unhurt. As round to the right and the rear end struck switch engine No. 128 on a siding, which demolished the end of the car, and the wreckage was strung along the track for 100 feet. The switch engine also lost its smokestack and was otherwise disfigured. When the accident happened "Kid" Barry sprang from a bed where he had been reclining. Seeing the members of the company rushing to escape from the car, he reached for the bell rope. Just then brakeman Frank Cooper, who was on the rear platform of the car ahead, cut the wrecked car loose. Cooper stood on the platform waiting to cut out the car at Mounds, where it would leave the main line for Mound City. He saw the car had left the track and he instantly uncoupled it. This prevented a more serious wreck. As soon as the news of the accident reached the city a special train was sent out with the company's physician, Dr. W. F. Grinstead, and a corps of nurses. They reached the wreck at 3 o'clock and immediately began to care for the injured.

The mangled bodies were taken from the car and laid upon mattresses along the side of the track. The injured seemed to suffer little. Most of them were unconscious and more were making outcry. Pat Patterson, who was killed outright, was the negro cook. He was thrown against the switch stand and his body was terribly mangled. His wife, Ella Patterson, presented a horrible sight. A large piece of wood was driven through her right shoulder by the force of the blow as the car swung against the engine and her stomach was terribly cut up with broken glass from the car window. Another of the women had her back broken, and died without gaining consciousness. Betty Ruby, Kitty Howard and Faith Hamilton were brought to the hospital at Cairo, but soon died. Of the four others brought down to this city, May Martin is the most seriously injured. Duncan Clarke, the manager, will probably recover, as his injuries are slight. A man named Klido, the contortionist of the company, stopped off at Carbon Dale and escaped injury. It is claimed the accident was the result of a flaw in the wheel, which was broken clear in two. A large crowd went to the scene of the accident and rendered what aid was possible.

Train Held Up by Lone Robber.

Denver, Sept. 13.—Burlington train No. 1, known as the Overland Flyer, was held up by a lone highwayman at 2 o'clock, five miles east of Haigher, Neb., near the Colorado line. The robber secured about \$500 in cash and probably twice that much in diamonds and watches, then made his escape by bringing the train to a stop. He went through both sleepers, but did not molest the chair cars. The railroad officials have offered \$1,000 for his capture, and posses have started out in all directions.

## JONES PLEASED WITH MAINE.

Democratic Leader Satisfied with Result There and in Vermont.

New York, Sept. 13.—Senator James K. Jones, chairman of the Democratic national committee, arrived in this city last night and held a brief conference with ex-Gov. Stone and Congressman Richardson. In an interview he expressed satisfaction with the result of the election in Vermont and Maine.

He said he had made no estimates as to what states the Democrats were likely to carry in the November election in case the percentages of Republican decrease and Democratic increase should be maintained in the general election. He added that he would not make any predictions as to what states the Democrats expected to carry, because he could not tell how large a vote the Republicans expected to get in states like Ohio, Indiana and Illinois.

## Rains Save Indian Crops.

London, Sept. 13.—Baron Curzon of Kedleston, viceroy of India, has cabled the India office that good rains have fallen in Madras and Central Bengal, and on the Gangetic plain, relieving all present anxiety regarding the autumn crops in these territories. The total number now receiving famine relief has fallen to 4,334,000.

## Invitation from Mexico.

Washington, Sept. 13.—The state department has received from Senor Aspizco, the Mexican ambassador, a communication conveying the invitation of Mexico to the United States to participate in the international American congress to be held in the City of Mexico, beginning Oct. 29, 1901.

## Dead in Many Cities.

Austin, Texas, Sept. 13.—Reports are gradually coming in from the storm-swept district along the coast beyond Galveston. Reliable estimates now make it certain that the death list outside of Galveston and Galveston island will reach 500. The property damage is appalling.

PEACHES sale a great success; quality fine and stock sold before half of our customers were supplied. Will try and give them another chance. Dedrick Bros.

#### ONE OF OOM PAUL'S MEN.

**Boer Leader Described Olivier as One of Their "Slimmest" Generals.**  
It was General Olivier, recently captured by the British forces at Winburg, South Africa, who led General Gatacre into the trap at Stormberg, which proved disastrous to the British, costing them some 800 casualties, and in discussing that action a Boer leader said to a London newspaper correspondent:

"Our General Olivier is one of the 'slimmest' men in all Africa. You don't know Olivier. If you Britishers were to talk to him you would reckon him up as a rather stupid sort of fellow. He

GENERAL OLIVIER.

knows how to know nothing—when it suits him. He can make his face as expressionless as the back wall of a cemetery on a wet day, even when he is just boiling with excitement inside. You may think that is an easy trick, but just you try it some day when some one springs a big surprise on you. Perhaps you won't find it so easy as it may appear. Olivier knew all about your General Gatacre. He had studied him.

"We beat you Britishers that day—beat you pretty badly, too, but the men who think Gatacre isn't a general on that account don't know the country. don't know Olivier. don't know the Boers and don't know what quick firing rifles can do in such circumstances. If either Kitchener or Roberts had been in Gatacre's place that day we Boers fancy it would not have made a great deal of difference."

#### CLAD LIKE ROBINSON CRUSOE

**Lost Hunter Clothed Himself in the Skins of Goats.**

A party of goat hunters consisting of John W. Burson of Fillmore, Ventura county, an oil operator and stockbroker; Morris P. McCray of McCray Bros., oil operators of Los Angeles, and William Simonds, chief gunner's mate of the United States torpedo boat Farragut took the stage to Eagle's Nest, near Avalon, Cal., a few days ago and, leaving all their surplus clothes and

taking only a canteen of water, started out among the hills.

Burson became separated from his companions, and they hunted for him all the next day and night, occasionally firing guns to let him know where they were. Early the following morning they started out again to seek the lost man. After several hours they found him clad in the skins of several goats he had killed to keep himself warm, as he had started out with only his shoes, shirt and trousers on.

The picture he presented was sanguinary in the extreme, not to say ludicrous, being smeared with blood from head to foot and looking as if every Billygoat on the island had taken a whack at him with horns and hoofs. His first words were, "What have you to drink?" He had suffered terribly from thirst and a small flat bottle collapsed entirely in his hands through the contents being withdrawn so suddenly. The party arrived at Avalon, Cal., in time for Mr. Burson to make a hasty toilet and catch the morning boat.

#### Hand-Organ Recitals.

It has been suggested that the best method of disposing of the hand-organ problem would be to adopt the custom in vogue in Boston. In that center of music and art is given once a year what might be called a hand-organ recital. On a day previously announced, all the hand-organs in the city are gathered at one place, and each organ-grinder in turn plays for the benefit of the censor. If the music is up to the Bostonese standard, a license is granted to the organ-grinder; if it be of the wheezy, squeaky variety, the owner is requested to seek some other community where that kind of music is appreciated.—New York Mail and Express.

**Two Costly Jardinieres Free to Guessers.**

In our window we have placed a pumpkin. With every 25c purchase you have the privilege of one guess. The person guessing nearest the number of seeds in the pumpkin can have their choice of the two jardinieres free of cost. These handsome jardinieres must be seen to be appreciated.

Contest closes September 30.

Pumpkin will be cut October 1.
